

GIVING FREELY OF OURSELVES AND WHAT WE ALL GAIN

... SUNDAY, OCT. 9TH @ 12:30PM ...

LITE LUNCH AT NOON

When we feel overwhelmed by life's problems, we may want to try to get more from the world. But when we do the opposite—give more of ourselves or **focus on the God-given qualities** we already have to express or contribute, we find that we end up not lacking anything. Really, we gain the unexpected good of joy, health, and strength **that move our lives and the world forward.**
